Final Bulletin for Speakers - September 2026

Dear Speakers,

With two weeks remaining before our gathering in Rome, the Local Organizing Committee wishes to share a few final updates and practical details.

The workshop will take place on 16–17 September 2026. Accommodation has been fully arranged for all speakers.

If you have not yet done so, please upload your abstract and a short version of your paper as soon as possible so we can finalize the session materials and make them available to participants in advance. All file uploads, schedule consultations, and speaker profiles are managed via our official Indico page. Please notify the Secretariat immediately if you encounter any access issues.

Speakers are welcome to present in either Italian or English. In addition, a printed volume will be published after the conference; you will have the opportunity to submit a revised, expanded paper following the event to incorporate insights from the discussions.

For any urgent logistical or technical inquiries, please reach out to the Secretariat at: info@studiumleonxiv.org.

We look forward to welcoming you to Rome

On behalf of the Local Organizing Committee,

Fr. Giuseppe Pagano

President, Centro Studi Internazionale Papa Leone XIV
